Re: Letter of Recommendation Christiansen Reece & Partners  
Heritage Hills Complex Request for Proposal

Dear Jim:

As you are aware, Christiansen Reece and Partners and JHL Constructors have been working together for over 7 years in school design and construction. We have completed four projects for Douglas County Schools alone.

Most recently, Christiansen Reece and Partners completed a new elementary school in August of this year, Meridian Elementary; a project JHL is proud to be a part of. The design was a collaboration of the school staff, district personnel, the expertise of Christiansen Reece and Partners and their engineers.

The architecture, a perfect fit for the neo-traditional neighborhood, was accomplished by not only incorporating design elements into the façade, but also making them a functional part of the building. The school districts requirement of a high performance school was achieved by innovative lighting controls, energy efficient construction and HVAC systems.

JHL Constructors welcomes any opportunity to work with Christiansen Reece and Partners because of their team-oriented approach to building their designs. It is with great pleasure that we recommend Christiansen Reece and Partners as part of the design team for the Heritage Hills Complex.

Please contact me if you would like me to answer any specific questions. I can be reached via cell phone at 303-435-2253 or via e-mail at [kristy@jhlconstructors.com](mailto:kristy@jhlconstructors.com).

Sincerely,

A handwritten signature in cursive script that reads 'Kristy Reeves'.

Kristy Reeves
