Christiansen, Reese & Partners, P.C.
100 E. St. Vrain, Suite 300
Colorado Springs, CO 80903

ATTN: Brian Risley

Dear Mr. Risley:

We would like to express our appreciation for our long-term working relationship with your firm. Cobb Mechanical would enthusiastically recommend your firm to the Douglas County School District. Our first association was in the early 1980's and since then, we have had the opportunity to work on many projects designed by your firm. Most of the projects have been educational facilities, from elementary schools to high schools. The mechanical scopes of work have ranged in dollar volume from \$75,000 to \$2.9 million.

On many occasions, your firm has alerted us to projects that are going to be bidding. Additionally, we have always maintained a good working relationship with your company in resolving project issues. It is our opinion that Christiansen, Reese & Partners, P.C. is one of the best architectural firms to work with in the industry.

Cobb Mechanical looks forward to continuing a long working relationship with your firm.

Sincerely,

COBB MECHANICAL CONTRACTORS
